Project Description

Minnesota Pipe Line Company, LLC (MPL) proposes to:

- Increase the capacity of its Line 4 pipeline from 165,000 barrels per day (bpd) to 350,000 bpd
- Build new pump stations near Lake George, Litchfield, Motley, New Prague, Plato, and Sebeka
- Modify its pump stations at Albany and Clearbrook

Line 4 was designed, installed, and pressure tested to allow for increased capacity.

MPL does not need any additional right-of-way for the proposed project. All construction will take place on MPL property.

Public Hearing Information

- Public hearings start on time.
- Arrive a few minutes early so you have time to sign in, pick up materials, and find a seat.
- Administrative Law Judge Jeanne M. Cochran will preside over the public hearings.
- Public Utilities Commission, Department of Commerce, and Minnesota Pipe Line Company, LLC staff will be available to answer questions about the permitting process and the project.
- Citizens will be able to add oral comments, written comments, or both into the record.
- Learn more about participating at a public hearing at mn.gov/puc/aboutus/index.html

Submit Comments

Topics for Public Comment

- Is the proposed project needed and in the public interest?
- What are the costs and benefits of the proposed project?
- What are the environmental and human impacts of the proposed project and how can these impacts be addressed?
- Are there other project-related issues or concerns?

Comment Period January 26, 2015 through March 20, 2015 at 4:30 p.m.

Comments must be received by 4:30 p.m. on the close date

Comments received after comment period closes may not be accepted

Online Visit mn.gov/puc, select *Comment on an Issue*, find this docket (14-320), and add your comments to the discussion.

By US Mail Persons without Internet access may send comments by U.S. Mail to Minnesota Public Utilities Commission, 121 7th Place East, Suite 350, St. Paul MN 55101.

Please include the Commission's docket number in all communications.

Important - Comments will be made available to the public via the Public Utilities Commission's website, except in limited circumstances consistent with the Minnesota Government Data Practices Act. The Commission does not edit or delete personal identifying information from submissions.

Process Information

Before the project can be built, the Public Utilities Commission (Commission) must approve a certificate of need. Minnesota Pipe Line Company, LLC submitted the certificate of need application in July 2014. The Commission's decision-making process takes about twelve months.

The Department of Commerce is preparing an environmental analysis for this project. The environmental analysis will be a broad review of the potential human and environmental impacts of the proposed project and alternatives, as well as ways to address impacts. The environmental analysis will be issued in February 2015.

Judge Cochran will use all the information in the record, including written comments and comments received at the public hearings, to write a report for the Commission. The report will include findings, conclusions, and recommendations about this project. After receiving the Judge's report, the Commission will schedule a meeting to make a final decision on this project, expected by August 2015.
